

**GEEELONG GRAMMAR SCHOOL®**  
EXCEPTIONAL EDUCATION

Saturday 10 October 2020

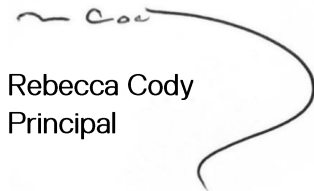

Dear Families and Friends of Geelong Grammar School,

**COVID-19 (Novel Coronavirus) – Update #62 as at 11.30am on Saturday 10 October**

**COVID-19 Testing – all results negative**

I am pleased to report that we have now received all results from COVID-19 testing of students and staff at Corio and Timbertop. All those test results were negative. This successful baseline testing provides confirmation that all students and staff were, as best as testing can determine, COVID-19 free at the time of testing. This testing is one really important mitigation measure to allow our students and staff to resume face-to-face classes on Monday 12 October and to actively manage the risk of COVID-19 infection within our high-risk boarding environment.

Yours sincerely,

Rebecca Cody  
Principal
