

# SCHOOL PERFORMANCE INFORMATION 2013

As part of the compliance requirements of the Australian Government's Schools Assistance Regulations 2009 (made under the Schools Assistance Act 2008), all schools are required to ensure that **School Performance Information** is made publicly available as stipulated by subsection 21 (2) of the Act.

## 1. CONTEXTUAL INFORMATION ABOUT THE SCHOOL

Geelong Grammar School is an independent Anglican co-educational boarding and day school. From its origins in 1855, the School has always had a distinctive character. After outgrowing several Geelong locations the School moved to a 245-hectare site on the edge of Corio Bay in 1914, creating the unique learning and living environment that exists today. In 1953 it established Timbertop, a remote campus in the foothills of the Victorian Alps inspired by the philosophies of German educator Kurt Hahn. Timbertop provides the School's Year 9 students with a full school year living, working and studying in the Australian bush, where they connect to their personal strengths, develop confidence and learn the value of co-operative endeavour. The School became co-educational in the early 1970s, enabling boys and girls to live and learn alongside each other. In 2009 it introduced its transformational Positive Education programme. Developed from the science of Positive Psychology in collaboration with Professor Martin Seligman and his team from the University of Pennsylvania, Positive Education focuses on social and emotional wellbeing, encouraging students to find purpose and lead engaged and meaningful lives. Positive Education is taught at each year level, at every campus and across all aspects of school life. Explicit teaching is delivered in Years 7, 8, 9 and 10 through specific Positive Psychology programmes written by the world's leading research psychologists and developed in collaboration with experienced classroom teachers. Geelong Grammar School is Australia's largest co-educational boarding school. It has a non-selective enrolment policy and more than 1,500 students, including more than 800 boarders, who are supported by more than 350 staff members spread across four specialist campuses:

**Bostock House**, Newtown, Geelong  
3-year-old ELC to Year 4 – Day students

**Toorak Campus**, Melbourne  
3-year-old ELC to Year 6 – Day students

**Middle School**, Corio, Geelong  
Years 5 to 8 – Day, Day Boarding, Weekly Boarding  
and Full Boarding students

**Timbertop**, near Mansfield  
Year 9 – Full Boarding students

**Senior School**, Corio, Geelong  
Years 10 to 12 – Day Boarding and Full Boarding students

## CURRICULUM

Geelong Grammar School offers a dynamic and flexible curriculum. The School's two Early Learning/Primary campuses, Bostock House and Toorak, take inspiration from the Reggio Emilia philosophy. The Toorak Campus was the first school in Victoria to introduce the Primary Years Programme (PYP) of the International Baccalaureate (IB). Explicit teaching of the School's Positive Education programme begins at Middle School (Years 5-8). Timbertop, the School's remote Year 9 campus located in the foothills of the Victorian Alps, combines a rigorous academic programme with a challenging outdoor education stream. Senior School students (Years 10-12) have the choice of the Victorian Certificate of Education (VCE) or the International Baccalaureate (IB) Diploma for entry into tertiary study. More than 80% of Senior School students are boarders. Senior School day students experience the benefits of boarding through the School's unique day boarding programme, which consists of an 8.30am-8.30pm school day and includes lunch, afternoon sport and activities, dinner and supervised evening study. The Senior School timetable includes six 50-minute periods between 9.00am and 3.30pm each day (except Wednesday when academic classes finish at 1.10pm to allow for extended afternoon sport). The academic results of our Year 12 students, 21.4% of whom were in the top 5% of students in Australia in 2013, are testament to the first class teaching and facilities at each of our five campuses.

## 5. STUDENT OUTCOMES IN STANDARDISED NATIONAL LITERACY AND NUMERACY TESTING

The National Assessment Program – Literacy and Numeracy (NAPLAN) commenced in Australian schools in 2008. Every year, all students in Years 3, 5, 7 and 9 are assessed on the same days using national tests in Reading, Writing, Language Conventions (Spelling, Grammar and Punctuation), and Numeracy.

The table below indicates the percentage of students who sat the NAPLAN tests in 2013.

	Year 3 Bostock	Year 3 Toorak	Year 5 Toorak	Year 5 Corio	Year 7 Corio	Year 9 Timbertop
<b>% of students who sat the tests</b>	100	100	94	94	94	96

More information about the School's NAPLAN results is available on the My School website. The percentage of students who achieved National Minimum Standards (NMS) in Reading, Writing, Language Conventions (Spelling, Grammar and Punctuation), and Numeracy in 2013 will be updated as that information becomes available on Monday 4 August.

The table below indicates the percentage of students who sat the NAPLAN tests in 2012.

## 6. SENIOR SECONDARY OUTCOMES

Geelong Grammar School offers both the Victorian Certificate of Education (VCE) and the International Baccalaureate (IB) Diploma at our Senior School Campus at Corio to meet the diverse needs, learning styles and personal goals of our students. Both academic programmes provide an internationally recognised qualification for entry into tertiary education worldwide. As a non-selective school, Geelong Grammar School is proud of all students' results and gauges the success of every student with respect to their ability, effort and perseverance.

The graph above highlights the percentage of Geelong Grammar School students who achieved ATAR scores that placed them in the top 1%, 5%, 25% and 50% of students in Victoria

In 2012 there were 150 VCE candidates and 51 IB candidates. All 201 students were successful in gaining their certificate or diploma (100% pass rate). There were four perfect VCE study scores of 50 recorded by students in Further Mathematics (2), German and Studio Arts. Of the 51 IB candidates, 14 students (27%) achieved an IB score of 40 or above, placing them in the top 2% of students in Australia. Tertiary places are decided by the Australian Tertiary Admission Rank (ATAR), which is a percentile ranking of each student's position determined by the Victorian Tertiary Admissions Centre (VTAC) in steps of 0.05 ranging from 0.00 to 99.95. When combined, the School's median ATAR was 85.20, which means the top 50% of our students were in the top 15% of the State. The graph below highlights the percentage of 2012 Year 12 students who achieved ATAR scores that placed them in the top 1%, 5%, 10%, 25% and 50% of students in Victoria.

The table below indicates the percentage of Geelong Grammar School students in the top 5%, 10%, 25% and 50% of students in Victoria from 2003-2012.
