EXCEPTIONAL EDUCATION

**Media Statement re: sexual consent in response to query from the *Herald Sun***

**Background: Two former Geelong Grammar School students have added their stories to more than 2,000 responses to a petition regarding sexual consent education in schools.**

The safety and welfare of our students is Geelong Grammar School's highest priority. We can assure all past and present students that we are here to listen and that we have programmes in place to provide independent, confidential counselling and support.

At GGS we begin formal education regarding consent and positive and respectful relationships at Year 7 within our curriculum, with the support of external experts such as BraveHearts. This education continues right through every student's time with us.
