

Friday 11 February 2022

Dear Families and Friends of Geelong Grammar School (GGS),

**COVID-19 (Novel Coronavirus) – Update #6 as at 3.00pm on Friday 11 February**

Further to [Updates #4 and #5](#), please find link below to Version #10.0 of our COVID-19 Outbreak Management Plan. This version incorporates the outcomes of our positive and constructive meeting on Thursday 10 February with a team from Barwon Health, inclusive of Victoria's Deputy Chief Health Officer.

**COVID-19 Outbreak Management Plan**

Revisions to our COVID-19 Outbreak Management Plan are ongoing and ever evolving, especially due to the nature of the Omicron variant.

As noted consistently since 2020, the management of the impact of COVID-19 must prioritise:

- *care for individuals*, including our students' health, wellbeing and education, as well as our accountabilities as an employer; and
- *care for community*; our social responsibilities extend to the extensive Geelong Grammar School community and the broader communities of Corio and Geelong, Mansfield, and Toorak.

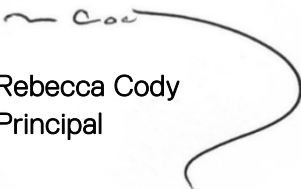

[Version #10.0 of our COVID-19 Outbreak Management Plan](#)

In addition to revising our Plan, we are very grateful that:

- Barwon Health can now provide Geelong Grammar School with access to fast-tracked PCR testing results; and
- RMIT Hub can progress our plans for boosters to be administered on site; details to follow.

We are grateful that the Barwon Health team was able to honour their long-standing commitment to visit our Corio Campus to better understand the unique scale of Geelong Grammar School's residential environment. Again, I thank the Barwon Health team for their professional responsiveness and appreciate their recognition of our existing robust processes to keep our students and staff safe and well.

Yours sincerely,

Rebecca Cody  
Principal
